

PROJECT DATA SHEET **C09-03**

**PROJECT FOR THE REHABILITATION OF IRRIGATION INFRASTRUCTURE
SANDOES OF CHÓKWÉ, IN AN AREA OF 7,500 HA**

About the Project

The Rehabilitation Project covered the infrastructure of the secondary and tertiary irrigation and drainage system in one of the three sectors where the Chókwè irrigation is divided and was financed by the Islamic Development Bank and the Government of Mozambique.

CONSULTEC was responsible for the entire project for the rehabilitation of irrigation and drainage infrastructure, as well as service roads, having reviewed the hydraulic calculations of the preliminary project and prepared new lists of quantities, prepared the specifications and evaluated the proposals of the builders.
