

### About the Project

ENRC acquired Central African Mining & Exploration Company PLC ("CAMEC"), which was the holder of a Prospecting License and Research (871L), obtained on March, 2005 for the ESTIMA project in Tete Province, Northern Mozambique. The Project was classified by the Ministry for Coordination of Environmental Action (MICOA) as Category A (see Annex I) and therefore require the implementation of an Environmental Impact Assessment (EIA) under the Regulation on the Assessment Process Environmental Impact Assessment (Decree No.45/2004 of 29 September).

Consultec was sub-contracted by Epoch so that certain services were conducted by this such as:

- Social Impact Assessment;
- Aquatic and Terrestrial Ecology;
- Law Review;
- Evaluation of Public Participation Process.
